

Concept - Promotion of Physical and Mental Health

Contributing to wholesome development of humanity, the Earth, and outer space, to promote academic and art, to the advancement of science and technology.

Nano Technology

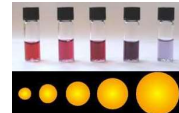

Quantum Dots and Healthcare

Drug Delivery System, Reagent, Reverse Aging, UV Protection 10nm ... 50nm

Electromagnetic Wave Technology

Preventive Health / Healthcare

Quantum Gold

Mines Gold

Improve your immunity and health

Conventional Gold Water

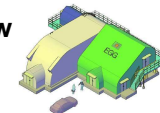

Grow fast and big

Renewable Energy

Self-consumption, Reduction of Energy Loss

Electric Grow Generator (EGG)

Solar Film

Medical Charity

Charity of Medical Supplies

Platform Formation

Big Data

- Cultivation, Training and Organization of individuals and groups

- IT and AI Technologies

Healthcare

R & D

Create of Industry / Business

Science

Support / Subsidy,
Dispatch Information

Research of Food

Safe and Secure, Pesticide-free and Delicious

Land-based aquaculture

Plant factory Fostering

Food factory, freshness maintenance logistics

Halal

Hygiene Management (Neem)

Global Environment

CO₂ Reduction, Antivirus, etc.

Virus Measures (vaccine, etc.)
Incineration Technology, Medical/ Municipal waste

Particle Beam Therapy Blood Test

- Heavy particle beam
- Proton beam

Supplement

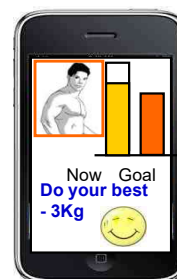

Medicinal herbs

Improving intestinal Environment (Polyphenol Library)

Preventive Health Services

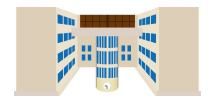

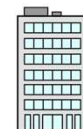

Research

institute and hospital

Comprehensive mental and physical health

Corporate / Group Researcher

Universities and Research Institutions
